

# TOUCH

Elegance and technology, bathroom wall mounted fan heater with minimal tickness

Safe, silent, and smart: only 11 cm thick and with an ultra-flat design, the TOUCH digital heating fan will give your bathroom a hi-tech touch. Thanks to a completely renewed air circulation mechanism, this wall fan is extremely silent, while guaranteeing quick, even distribution of

heat in your bathroom, as well as heating your towels very quickly. Forget waking up cold or damp bathrooms in the early morning: TOUCH includes a programming function, to get a perfectly heated bathroom at the time you want it.

## Heating style

Thanks to the built-in presence sensor, TOUCH will only heat when necessary, avoiding needless wastage of energy.

10 minutes after you leave the bathroom, TOUCH will automatically go into ECO mode (3,5°C lower than the setting on the ambient thermostat), thereby reducing consumption.

Naturally, as soon as it detects someone in the room, TOUCH will automatically take the temperature back to the comfort level set.

Alternatively, you can use TOUCH in a programmed mode, to have the temperature you prefer at the time you want it.
