

1500 series - universal smart enclosure kit

Product overview

A multi-purpose, advanced plastic enclosure ideal for modern electronic applications. The 45 degree angles allow the enclosure to be mounted at an angle on desks or walls, it can also be mounted directly in the corner of a room.

- Includes versatile wall mounting system providing a variety of mounting options
- Multi-faceted design can be used in a variety of orientations
- Two sets of PCB pillars in both the lid and base allow multiple PCB mounting options
- Lid panel secured by single screw for ease of assembly
- Lid features a recess; ideal for touch pads, digital displays and overlays
- Premium quality, modern appearance
- Moulded in UL94-V0 ABS
- Available in vented and unvented versions
- Available in black, white or grey
- Manufactured in the UK
- Components of kit available separately (subject to MOQ's and lead times)
